Notes

This song is found in Document J (no. 3, page 9). The manuscript reflects the form of the Miao script as it was in 1911. In the transcription the writing has been up-dated to the standard form in the revised edition of the New Testament of 1936.

Line 8. The initial l 'u, "sang", is missing in the manuscript.

Lines 12, 16 and 21. In these lines Document J adds T³ C³ "people" after CΔ^{nc} Tⁿ. This is a mistake as it upsets the strict balance with lines 9, 14 18 respectively.

Lines 18 and 19. These are written as a single line in the manuscript.

Lines 19 and 22. The word J⁸, meaning "fathom", has been supplied in both these lines. Without it, or some similar word denoting measurement, neither line has any meaning.
