

**M113**  
**Earth's Ndrao-bang.**

*Singer not recorded.*

Notes

This song is found in Document J (no. 3, page 9). The manuscript reflects the form of the Miao script as it was in 1911. In the transcription the writing has been up-dated to the standard form in the revised edition of the New Testament of 1936.

**Line 8.** The initial l 'u, "sang", is missing in the manuscript.

**Lines 12, 16 and 21.** In these lines Document J adds T<sup>3</sup> C<sup>3</sup> "people" after CΔ<sup>nc</sup> T<sup>n</sup>. This is a mistake as it upsets the strict balance with lines 9, 14 18 respectively.

**Lines 18 and 19.** These are written as a single line in the manuscript.

**Lines 19 and 22.** The word J<sup>3</sup>, meaning "fathom", has been supplied in both these lines. Without it, or some similar word denoting measurement, neither line has any meaning.
